EMPLOYEE GOALS			
Strategic Objective	List Last Year's Goals	Date completed	Comments

**Strategic Objectives:**

1. Will be the employer of choice by attracting and retaining the best employees anywhere.
2. Continue to implement an organizational excellence model to ensure quality.
3. Ensure that facilities, technology and financial resources are available to support the future needs of the organization.
4. Offer a range of quality services that are important to the community, are appropriately provided in our setting and meeting the financial goals of the institution.
5. Ensure excellent clinical performance and customer-focused care service as verified by patient satisfaction measurements.
6. Strengthen EPMC's relationship with the community at large.

**Setting S.M.A.R.T. Goals for Next Year**

At least two goals are required. These work-related goals link to the strategic objectives of EPMC by directly supporting your department's goals.

Strategic	Specific	Measurable	Attainable	Realistic	Timeline
What strategic objective do your goals support?	List specifically what goals you will accomplish.	How will you and your supervisor know the goals are completed?	Can the goals be completed within the next year?	What support or resources do you need to accomplish the goals?	Dates the goals will be completed.

### AFFIRMING OUR CODE OF CONDUCT AND COMMITMENT TO CONFIDENTIALITY

Please read the following information carefully and sign and date at the bottom of the page.

In the performance of functions for EPMC, you may have access to Confidential Information. Confidential Information is valuable and sensitive and is protected by law and by EPMC Policy. You are required to conduct yourself in strict conformance to applicable laws and EPMC policies governing Confidential Information. Access to Confidential Information is permitted only as authorized and as required for legitimate purposes in the performance of your job.

Confidential Information is patient information, participants of EPMC benefit plans and programs, customer information, physician credentialing, peer review, quality review, patient safety and risk management information, policies, personnel records, payroll records, logon and password information, employee health information and information related to operations and internal business affairs of EPMC that is not generally available to the public.

Protected Health Information (PHI) is information related to patients and their health care, condition, treatment or payment. It extends to information that is transmitted or maintained in any form or medium, whether electronic, paper or oral. All workers, whether directly involved in the care of the individual or providing support services, must use discretion when discussing PHI. PHI obtained should not be accessed or discussed unless absolutely necessary for work processes. Only PHI pertinent to the role of the worker in his/her employment function should be accessed and communicated per EPMC. If PHI is being discussed or otherwise inappropriately disclosed, the incident should be reported to a supervisor or the EPMC Compliance Officer.

I understand that I am responsible for being familiar with and adhering to EPMC’s policies, procedures and the Code of Conduct. I know how to access EPMC policies that are posted on the EPMC exchange drive. If I am unclear about a policy, procedure or regulatory requirement, I know it is my responsibility to seek clarification from my supervisor, Human Resources or through the Chain of Command process. I understand that the EPMC Compliance Hotline is also available to me to ask questions, communicate concerns or report suspected misconduct.

I understand I am accountable for my own actions while employed by EPMC. In addition, if I am supervising others, I understand that I am accountable for the activities within my area of responsibility and I will strive to create an atmosphere that encourages knowledge, open communication, high ethical standards and compliance.

I acknowledge that I am responsible for complying with all policies of Estes Park Medical Center. These can be found at Z:/Policies/HIPAA.
